Ok, yes, I do remember that Michele and I answered that question last week I just got lost in momentary confusion about "Budgetary Sequestration" versus "CO2 Sequestration." I "wish" somebody up there had decided to use a different, more descriptive term.

Hi George And Maria,

I left a message with Maria last week regarding the sequestration issue and what impacts it may have on our UIC grant. Michele Dermer and George have answered our query and based on their response, there is yet no definitive answer as to how much our program grant might be reduced because of the sequester. In the meantime, we will just wait for further info from EPA if and when this comes.

Thanks.

Jerry
